

Provender Snakky Max

Combination Vending

Benefits

- User friendly – quick, simple and easy to use.
- Transportable – fits in lifts and through standard doorways.
- Compact - small footprint 735mm x 855mm.
- Narrow width means this can virtually fit anywhere.
- Refrigerated – to keep refreshments cool.
- Vend detection – detects when a product hasn't been vended and vends another product.
- Energy efficient – low energy consumption.

Suitable For

- A wide range of locations.
- This is perfect for a position where space is tight.

Product Selection

- Selection of snacks, cold drinks (can and bottle) and confectionery from the leading brands.
